EXECUTIVE SUMMARY

Margin is back to 14.2% and cash covers the Nordic hub without new debt

1	**Revenue $412M, up 9% and 2% ahead of plan**	Contract logistics now 53% of revenue (slide 5)
2	**Operating margin recovered to 14.2%**	Pricing, route consolidation, labour planning (slides 6–7)
3	**The Nordic network is at 94% utilization**	Best margin and service, but turning work away above 90% (slide 8)
4	**Approve $74M for the Nordic hub this quarter**	19% IRR, 13.5% in the downside; site option expires Dec 15 (slide 17)

RESULTS

Revenue rose 9% year on year as contract logistics outpaced freight

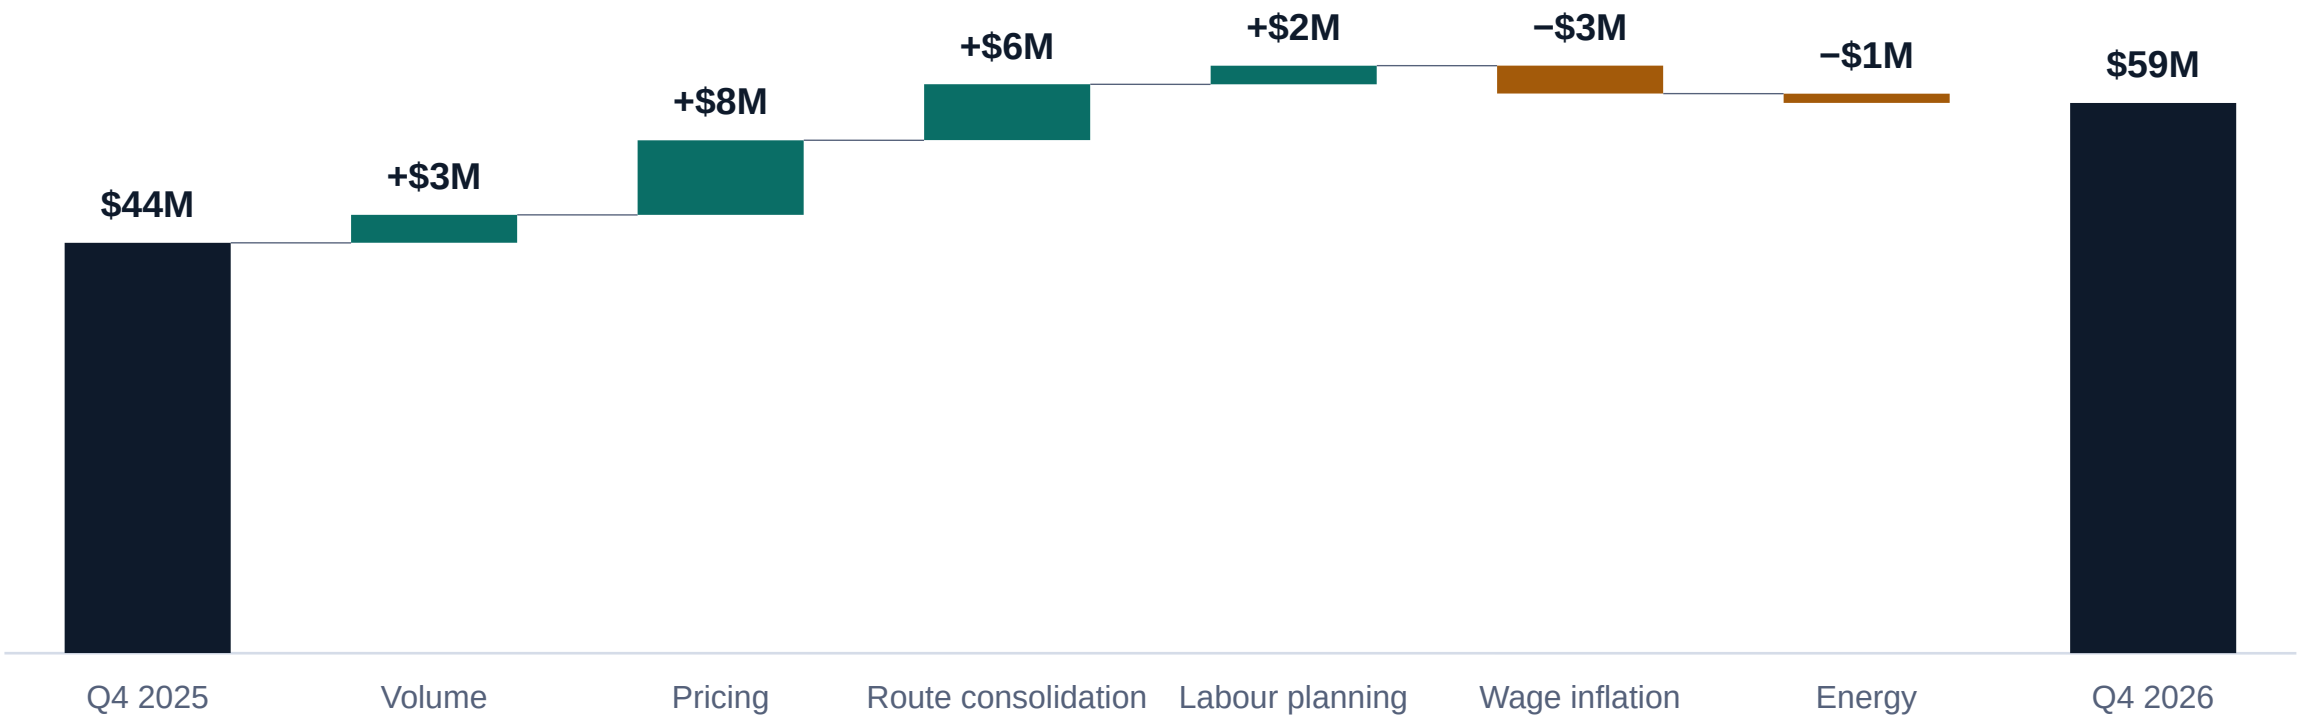

Source: Halden finance, revenue in $M

WHAT IT MEANS

- Contract logistics **+17%** YoY, now 53% of revenue
- Freight flat in volume; price carried the gain
- Q4 seasonality in line with the last three years

RESULTS

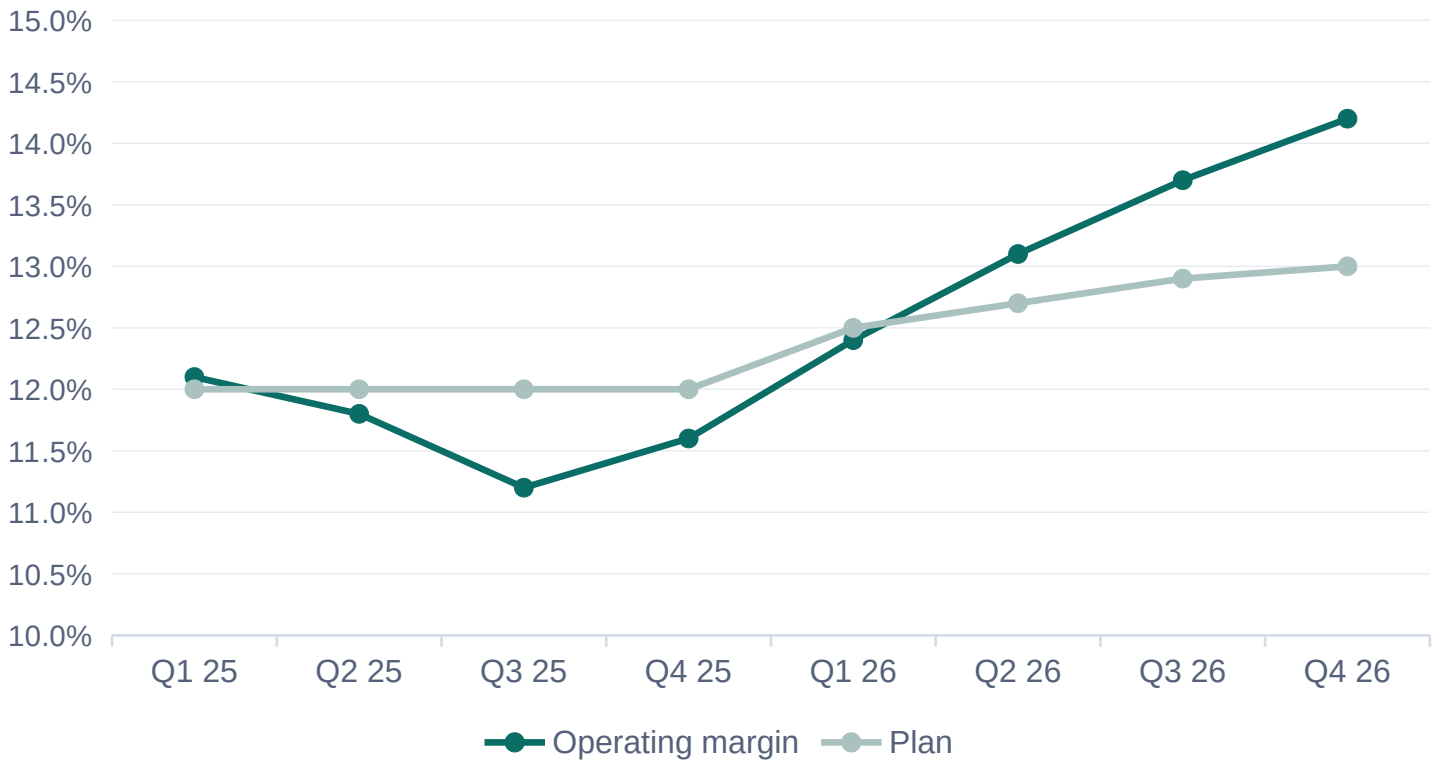

Pricing and routes added $14M of operating profit; wages and energy took back $4M

Source: Halden finance; operating profit, $M, Q4 2025 vs Q4 2026

RESULTS

Margin recovered in three steps: pricing, routes, then labour planning

WHAT MOVED IT

- **Q1**: list-price reset
- **Q2–Q3**: 41 routes merged
- **Q4**: shift-planning tool live
- Net **+2.6 pts** year on year; bridge on slide 6

OPERATIONS

Route consolidation cut empty kilometres by a quarter

Before — Q4 2025

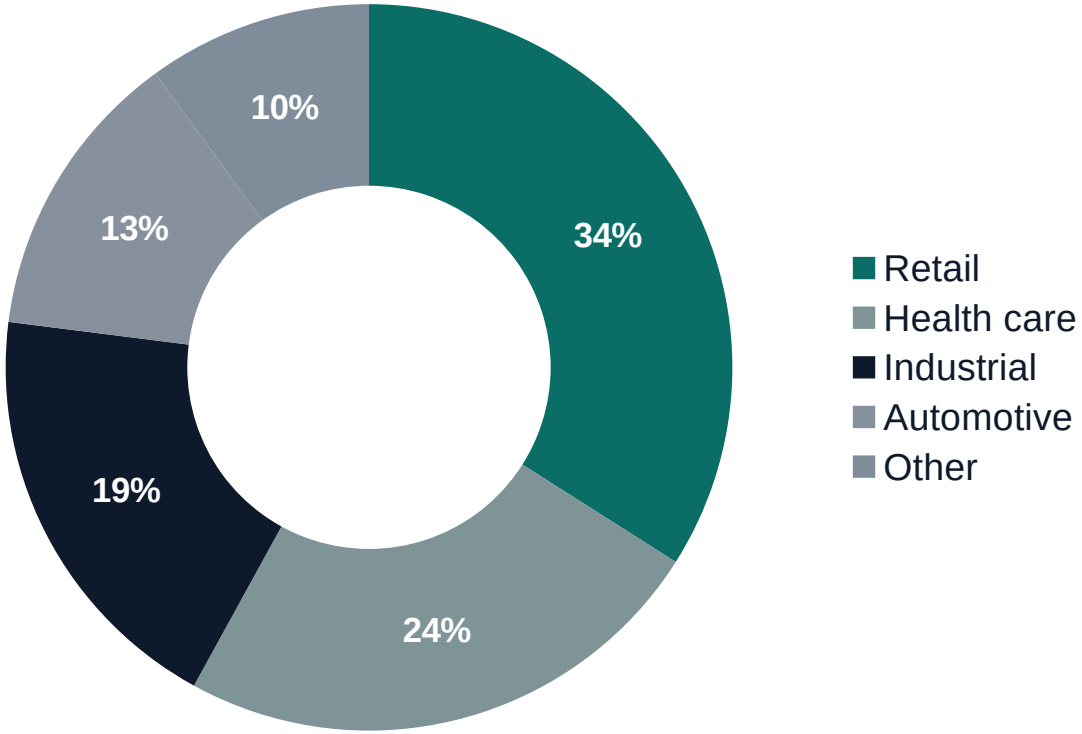

- 212 scheduled routes
- 31% empty running
- Planning by depot, weekly
- 4.1 stops per route

After — Q4 2026

- 171 routes (**−41**)
- 23% empty running
- Network-wide planning, daily
- 5.6 stops per route

CUSTOMERS

Retail and health care are 58% of revenue; net retention is 108%

Source: Halden CRM, trailing twelve months

WHAT IT MEANS

- Largest customer **9%** of revenue
- Health care grew fastest, **+22%**
- Gross retention **97%**, net **108%**
- Two top-ten renewals due **Jun 30, 2027**

“

Halden is the only partner that held 97% on-time through peak. We want to put more volume in the Nordics, and we need them to have room for it.

2027 PLAN

Three initiatives carry the 2027 plan; only the hub needs new capital

Nordic hub

120k pallet positions near Gothenburg. Frees 9 points of utilization across the region.

Health care cold chain

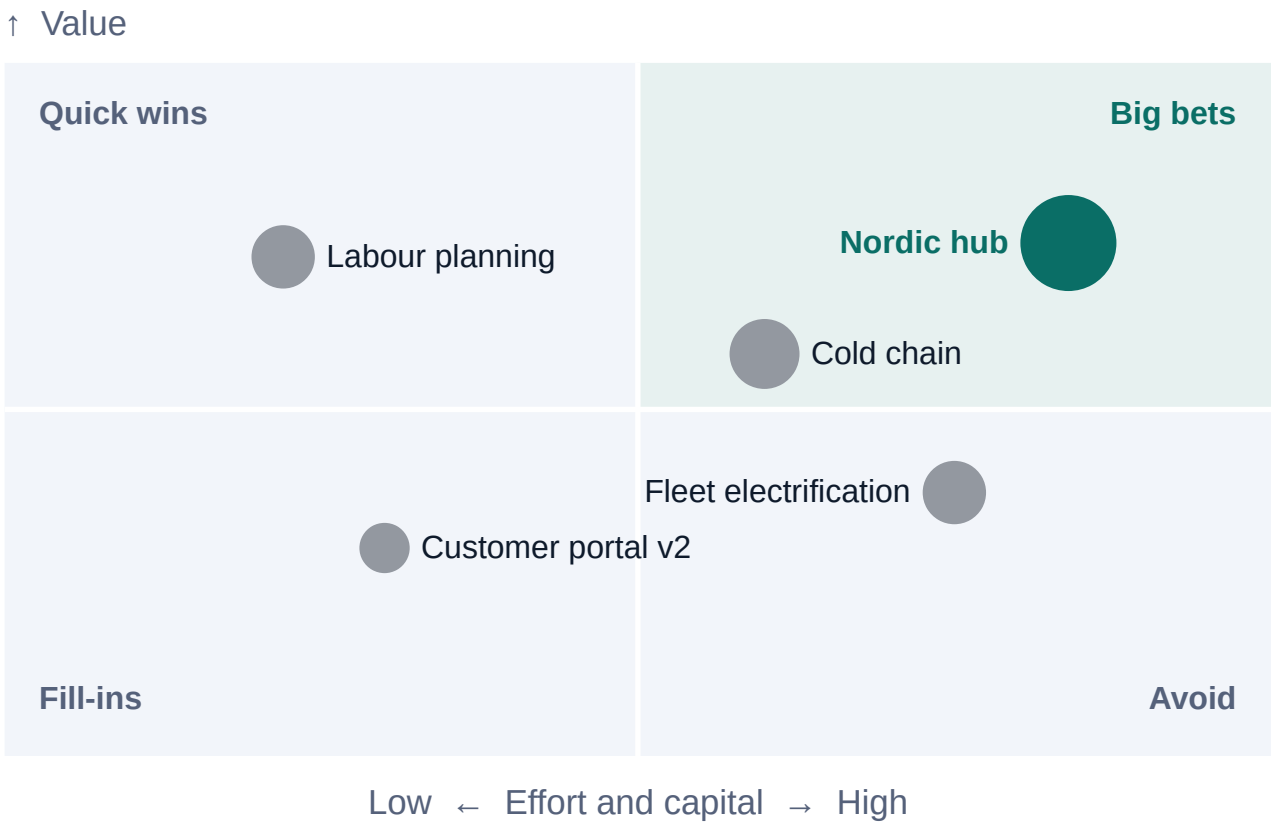

GDP-certified 2–8 °C capacity in three hubs. Follows our fastest-growing segment.

Labour planning

Roll the shift-planning tool to all 38 sites. Pilot sites saw 6% fewer overtime hours.

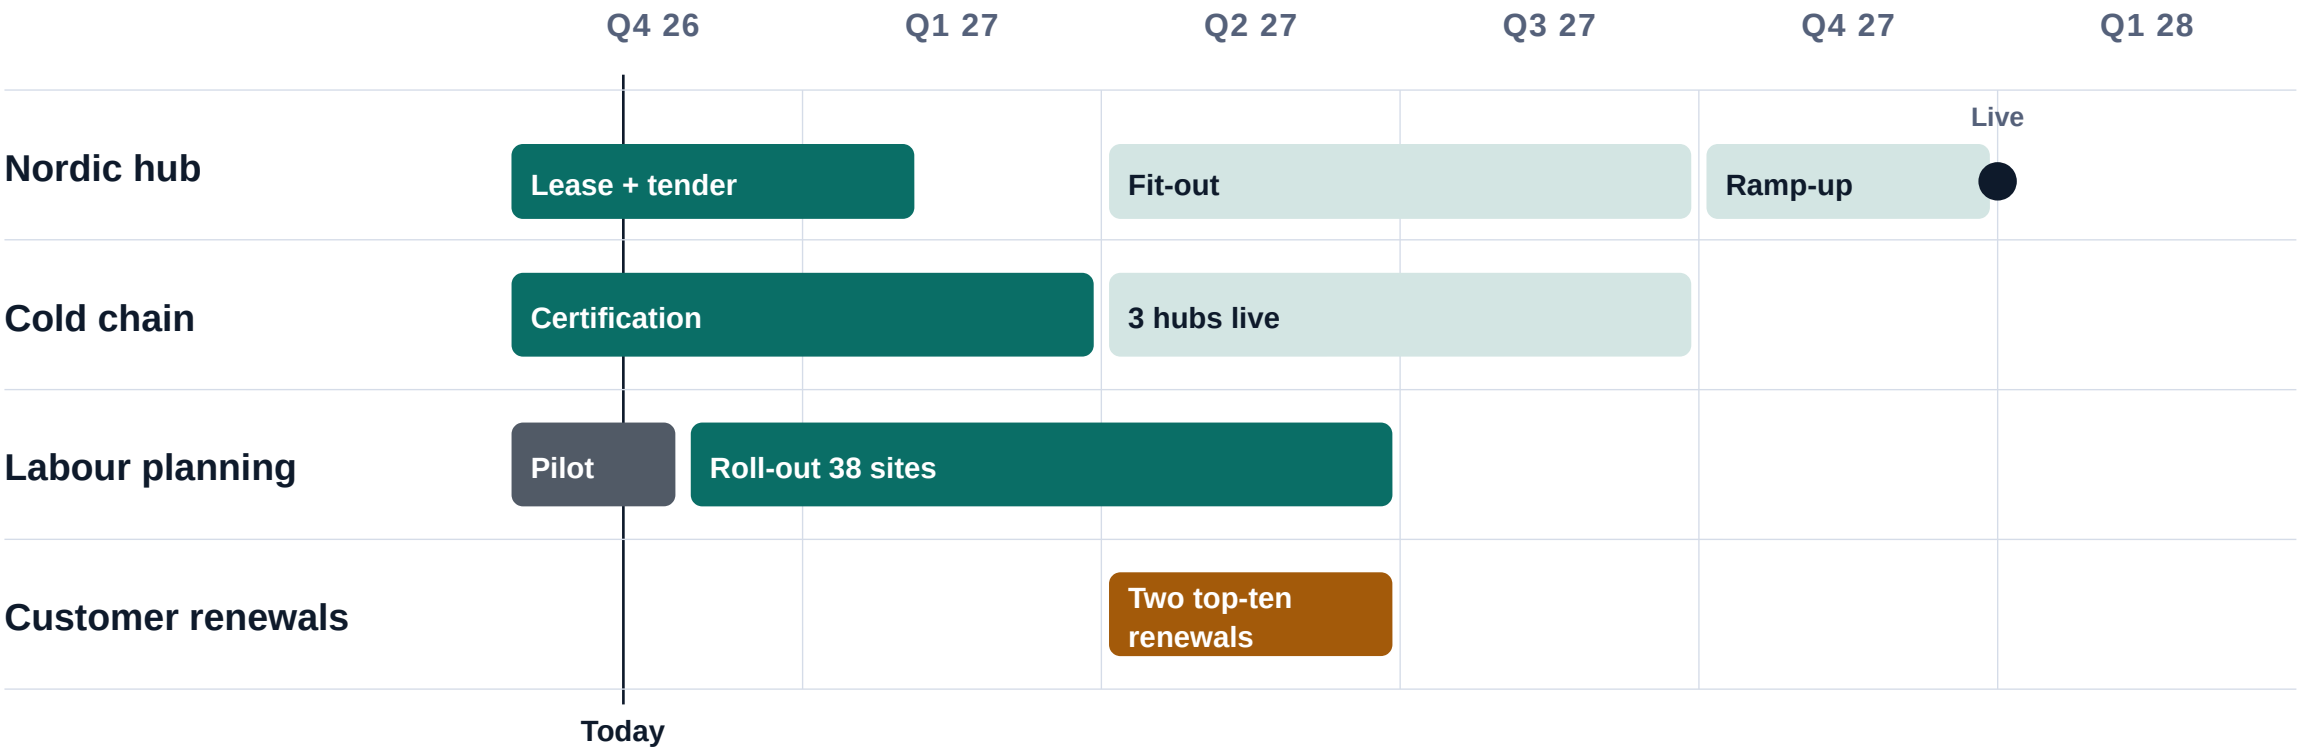

2027 PLAN

The hub is the only high-value move we cannot make without the board

- **Nordic hub**: highest value, needs capex approval
- Labour planning and cold chain are funded in the operating plan
- Electrification waits for 2028 truck pricing

Four workstreams run in parallel; the hub is on the critical path

2027 PLAN

The hub opens in Q1 2028 if we sign the lease this quarter

NOV 2026
