02 **Operations** · network and service levels

03 **Customers** · mix and retention

04 **2027 plan** · initiatives and roadmap

05 **Decision** · Nordic hub investment

EXECUTIVE SUMMARY

Margin is back to 14.2% and cash covers the Nordic hub without new debt

1	**Revenue $412M, up 9% and 2% ahead of plan**	Contract logistics now 53% of revenue (slide 5)
2	**Operating margin recovered to 14.2%**	Pricing, route consolidation, labour planning (slides 6–7)
3	**The Nordic network is at 94% utilization**	Best margin and service, but turning work away above 90% (slide 9)
4	**Approve $74M for the Nordic hub this quarter**	19% IRR, funded from cash; site option expires Dec 15 (slide 18)

RESULTS

Revenue grew every quarter as contract logistics outpaced freight

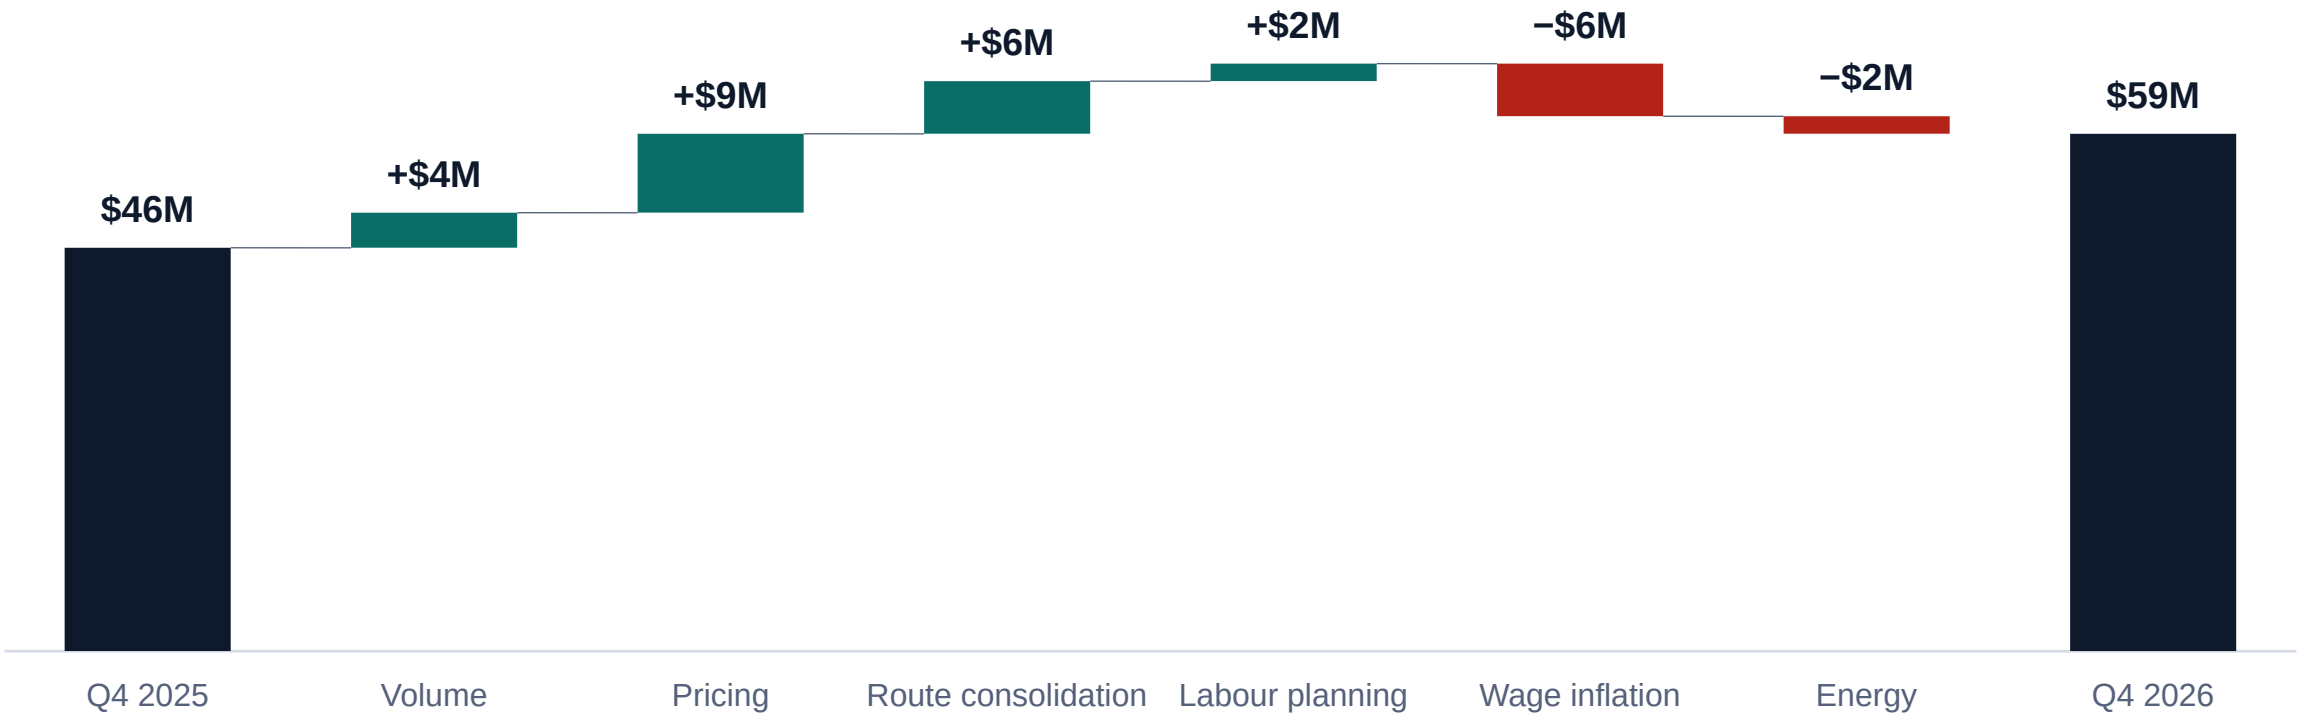

Source: Halden finance, revenue in $M

WHAT IT MEANS

- Contract logistics **+17%** YoY, now 53% of revenue
- Freight flat in volume; price carried the gain
- Q4 seasonality in line with the last three years

RESULTS

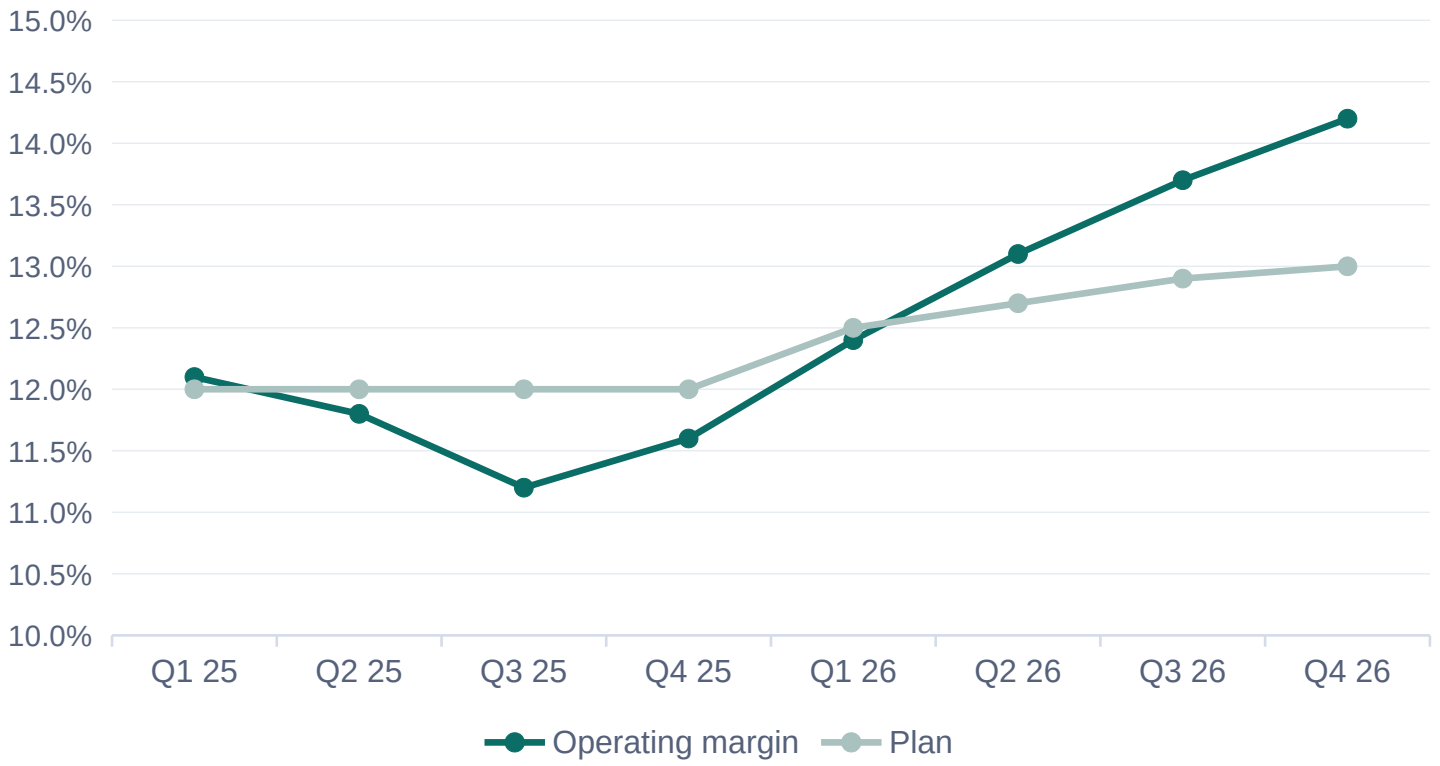

Pricing and routes added $19M of operating profit; wage inflation took back $6M

Source: Halden finance; operating profit, $M, Q4 2025 vs Q4 2026

RESULTS

Margin recovered in three steps: pricing, routes, then labour planning

WHAT MOVED IT

- Q1: list-price reset, **+0.8 pts**
- Q2–Q3: 41 routes merged, **+1.3 pts**
- Q4: shift planning tool live, **+0.5 pts**

Operations

The network is running near capacity in the north. That is the case for the hub.

OPERATIONS

The Nordic region is the most profitable and the most capacity-constrained

REGION	REVENUE ($M)	YOY	MARGIN	ON-TIME	UTILIZATION
Nordics	**96**	**+14%**	**17.8%**	**97.1%**	**94%**
DACH	118	+8%	13.9%	96.8%	81%
Benelux	84	+6%	12.6%	95.9%	78%
UK & Ireland	71	+7%	11.8%	95.2%	74%
Iberia	43	+11%	12.1%	96.0%	69%
Total	**412**	**+9%**	**14.2%**	**96.4%**	**81%**

OPERATIONS

Route consolidation cut empty kilometres by a quarter

Before — Q4 2025

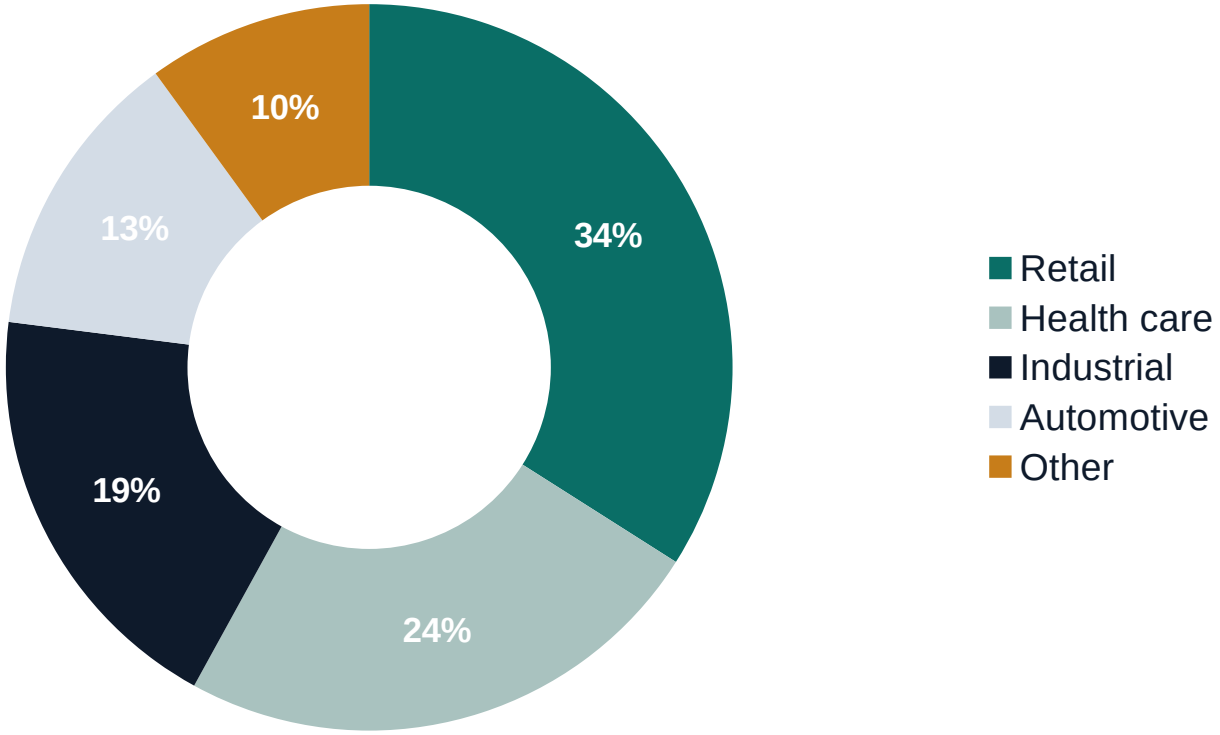

- 212 scheduled routes
- 31% empty running
- Planning by depot, weekly
- 4.1 stops per route

After — Q4 2026

- 171 routes (**−41**)
- 23% empty running
- Network-wide planning, daily
- 5.6 stops per route

CUSTOMERS

No customer is above 9% of revenue; retail and health care lead the mix

WHAT IT MEANS

- Gross retention **97%**, net **108%**
- Health care grew fastest, **+22%**
- Two top-ten renewals due Q2 2027

“

Halden is the only partner that held 97% on-time through peak. We want to put more volume in the Nordics, and we need them to have room for it.

Top-five retail customer (name withheld)

2027 PLAN

Three initiatives carry the 2027 plan

Nordic hub

120k pallet positions near Gothenburg. Frees 9 points of utilization across the region.

Health care cold chain

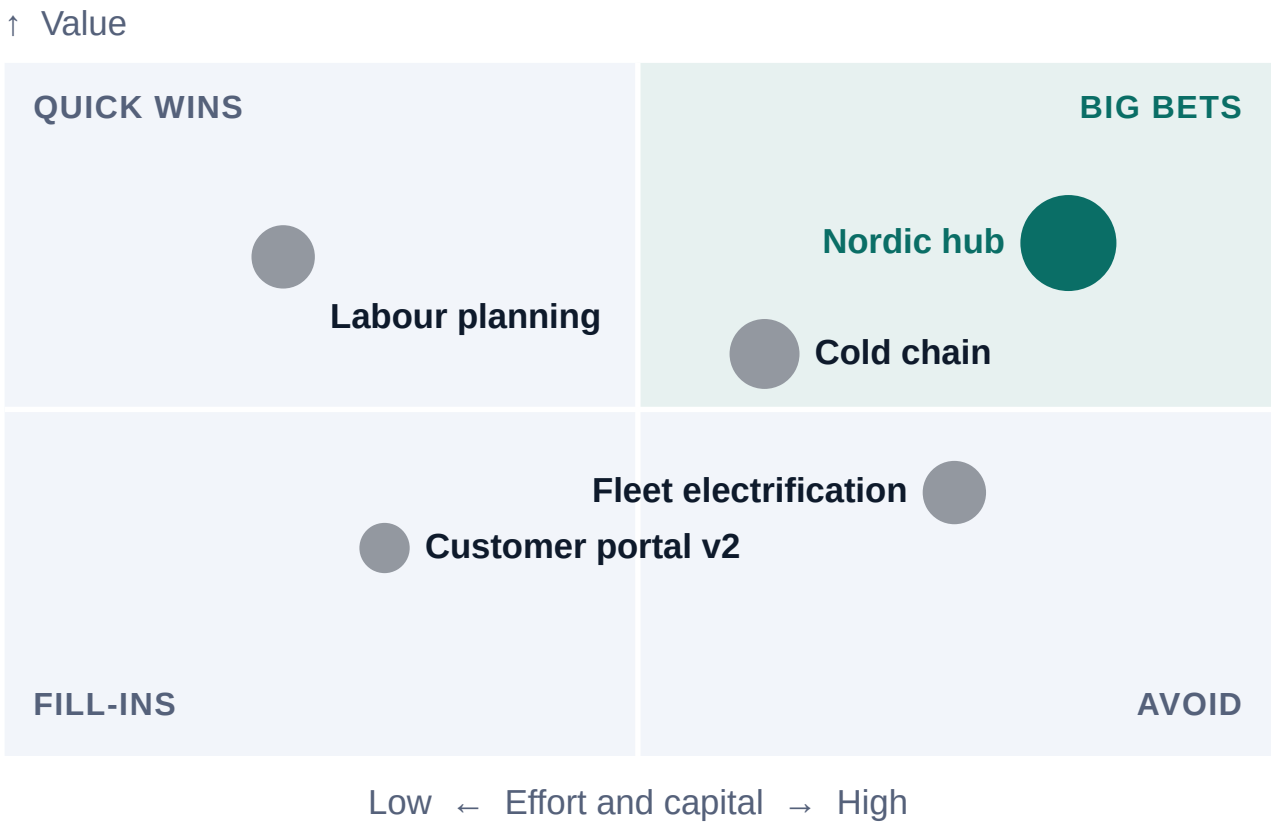

GDP-certified 2–8 °C capacity in three hubs. Follows our fastest-growing segment.

Labour planning

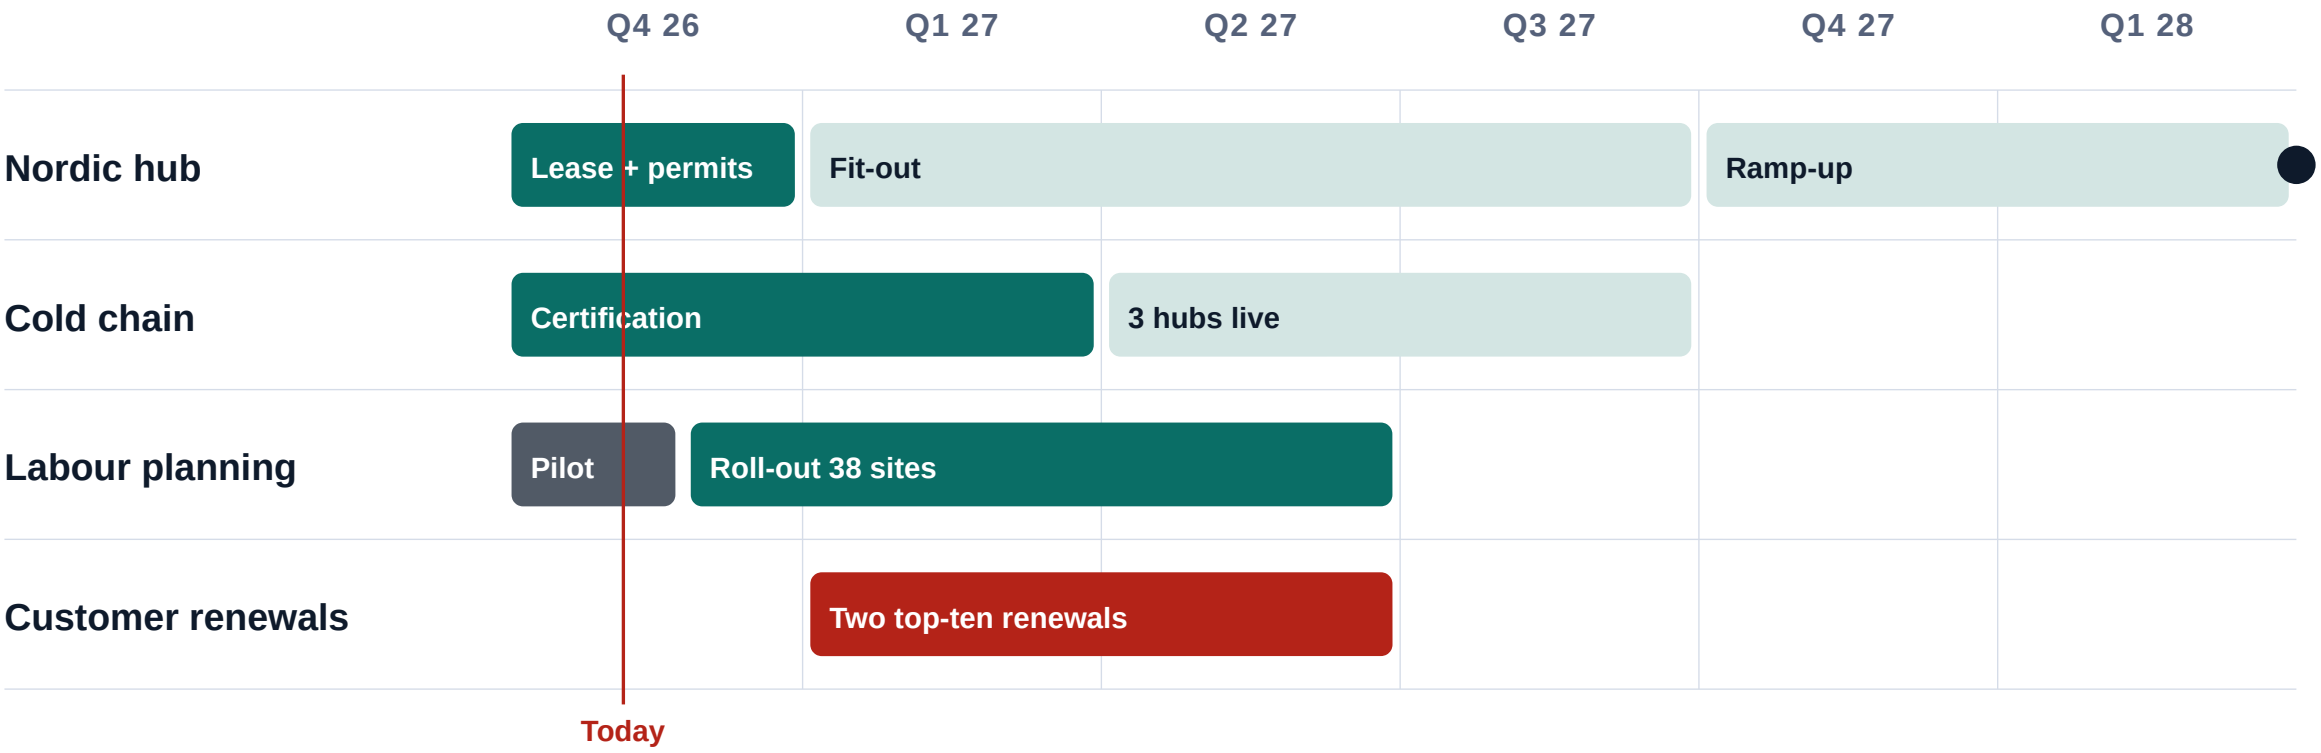

Roll the shift-planning tool to all 38 sites. Pilot sites saw 6% fewer overtime hours.

The hub is the only high-value move we cannot make without the board

- **Nordic hub**: highest value, needs capex approval
- Labour planning and cold chain are funded in the operating plan
- Electrification waits for 2028 truck pricing

Three workstreams run in parallel; the hub is on the critical path

2027 PLAN

The hub opens in Q1 2028 if we sign the lease this quarter

NOV 2026

Board approval

$74M capex, phased over 18 months

DEC 2026

Lease signed

Site under exclusive option until Dec 15

Q2 2027

Fit-out starts

Racking, automation tender awarded

Q4 2027

Pilot customers

Two retail accounts migrate first

Q1 2028

Full operation

120k positions, 180 roles

Gothenburg: 40 minutes from the port, on the E6 corridor

Proposed site, 62,000 m², exclusive option until December 15

DECISION

We ask the board to approve $74M for the Nordic hub
